

With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.

준선과 초점이 있고, 준선 상의 한 점을  
지나는 수직선이 있을 때, 그 수직선과  
만나는 포물선 상의 점을 작도하라.

(With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.)

a directrix      a focus      a perpendicular line passing a point on the  
directrix

▶ Start

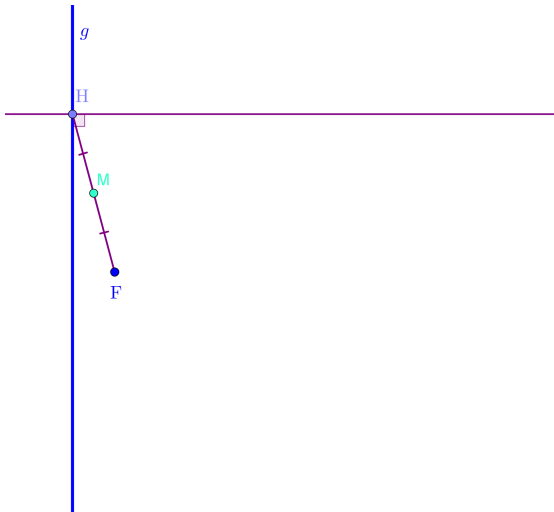

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

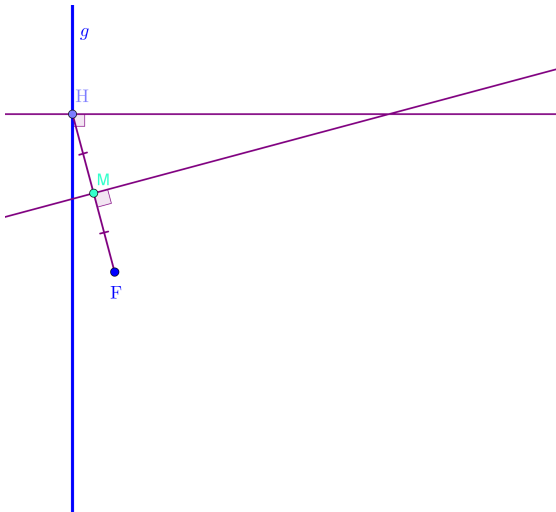

► Start

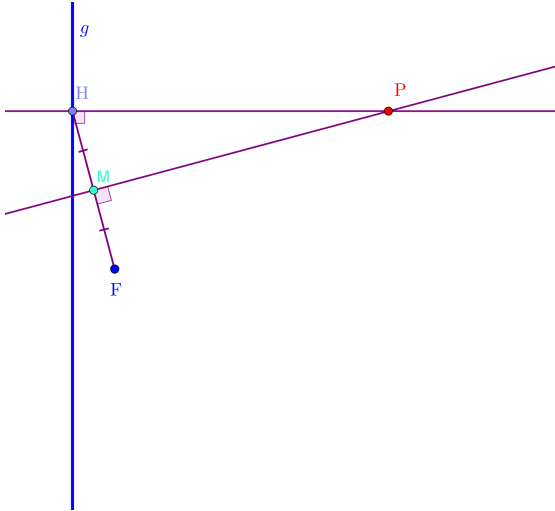

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

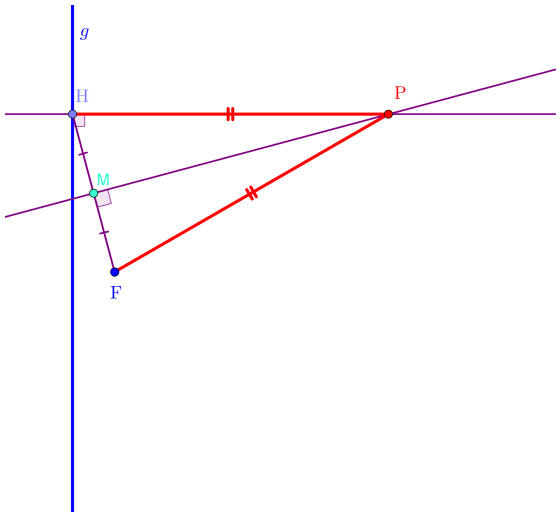

With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.

▶ Start

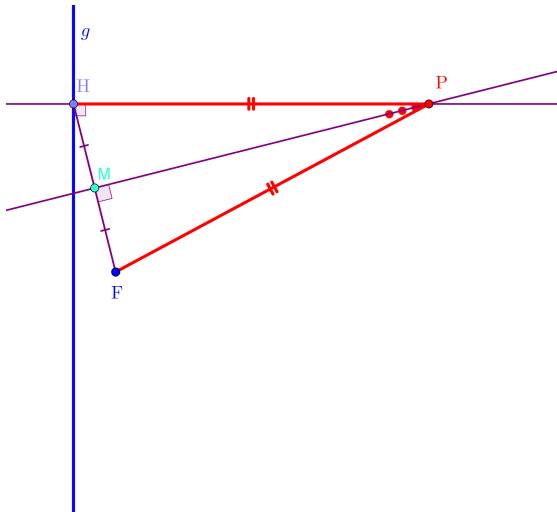

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

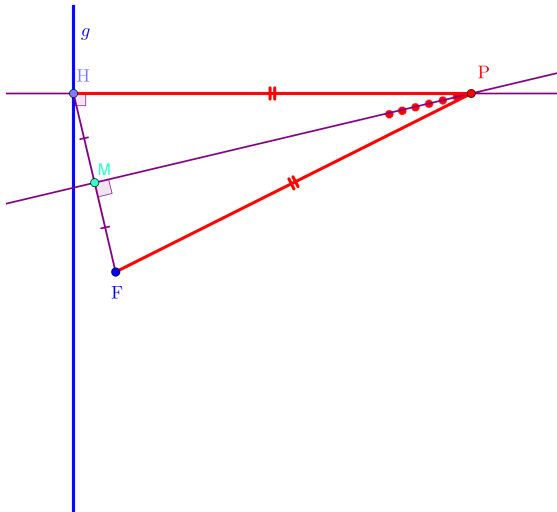

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

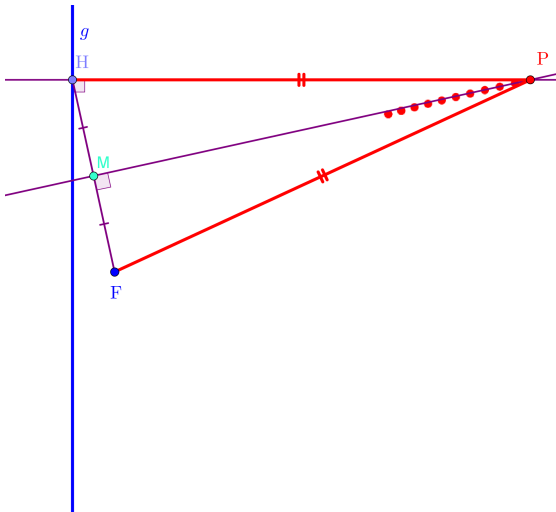

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

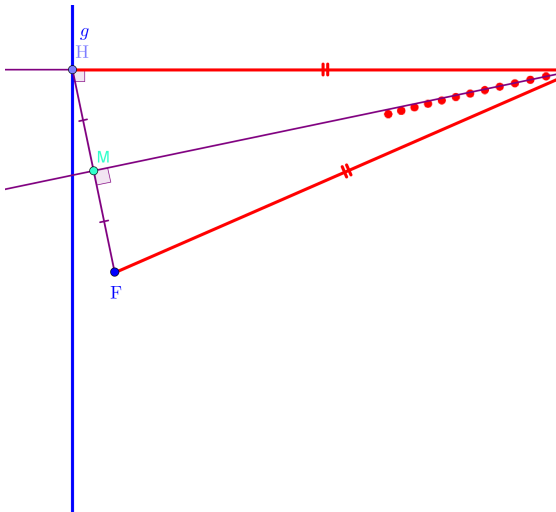

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

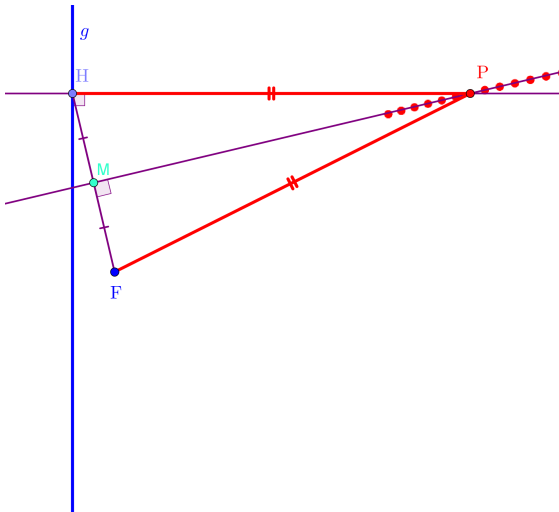

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

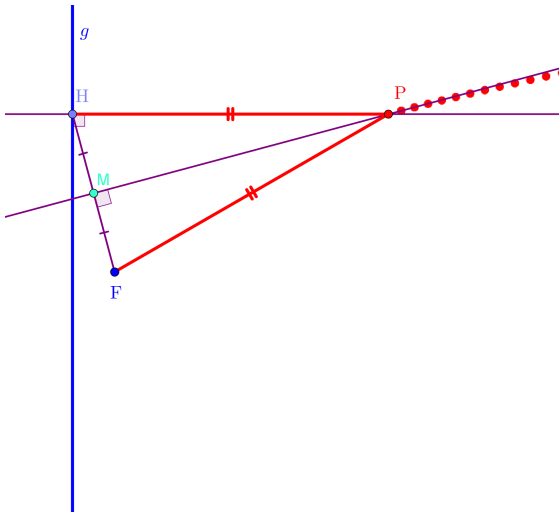

► Start

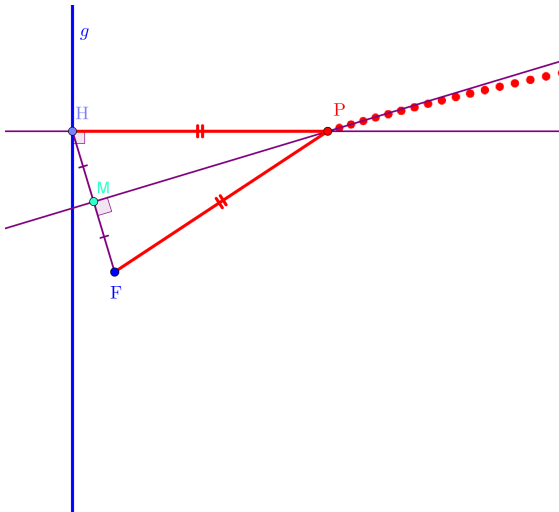

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

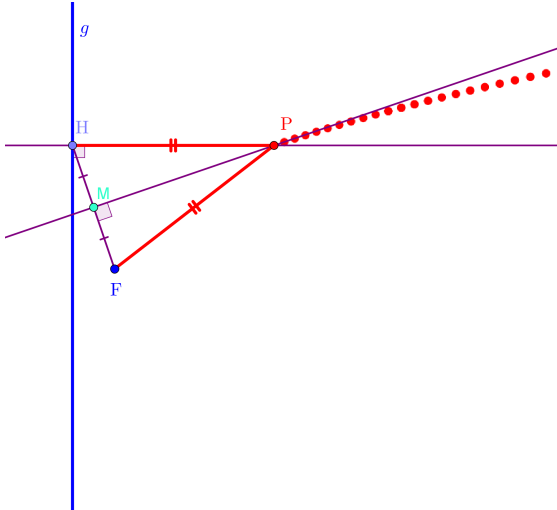

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

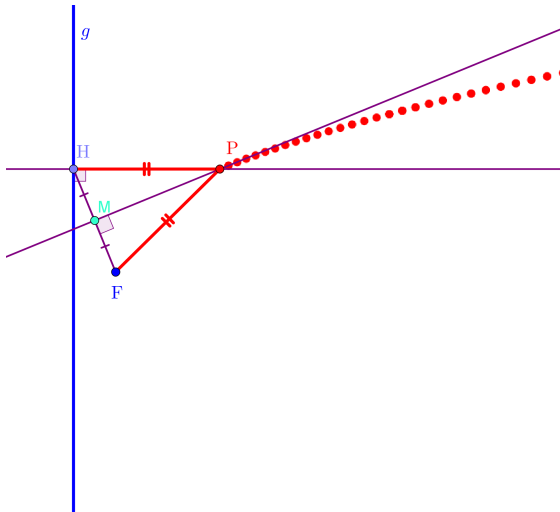

With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.

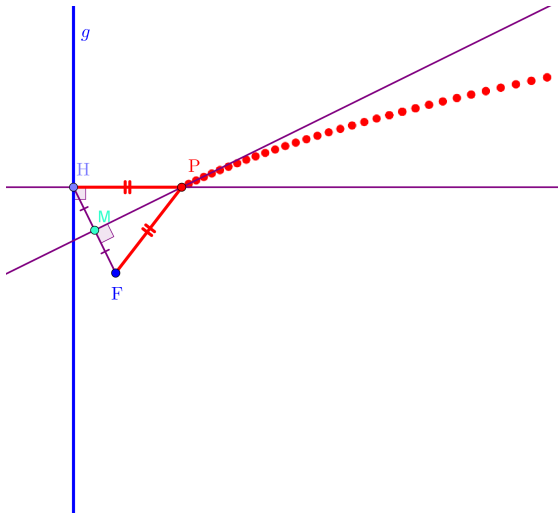

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

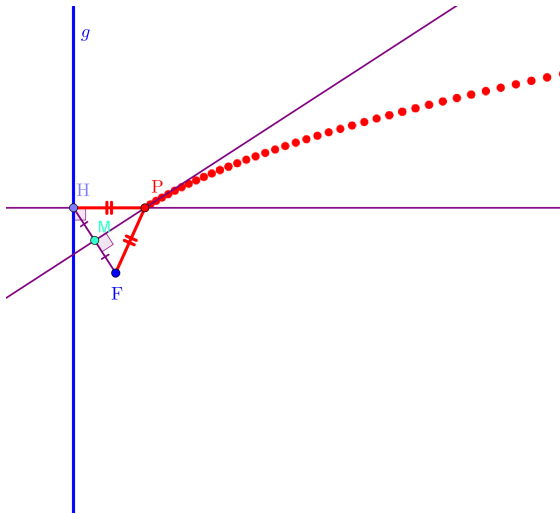

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

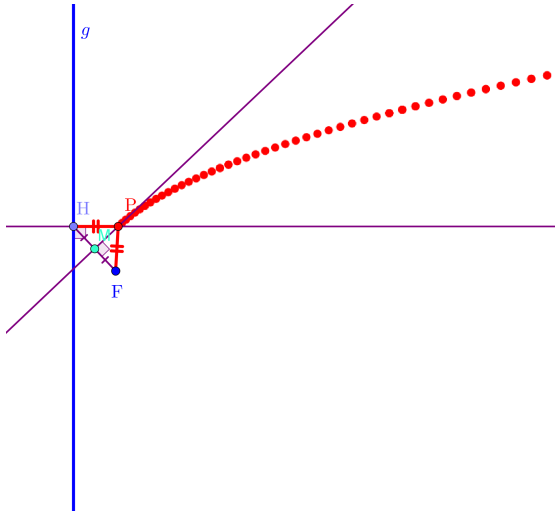

With a directrix and a focus when a perpendicular line passing a point on the parabola.

► Start

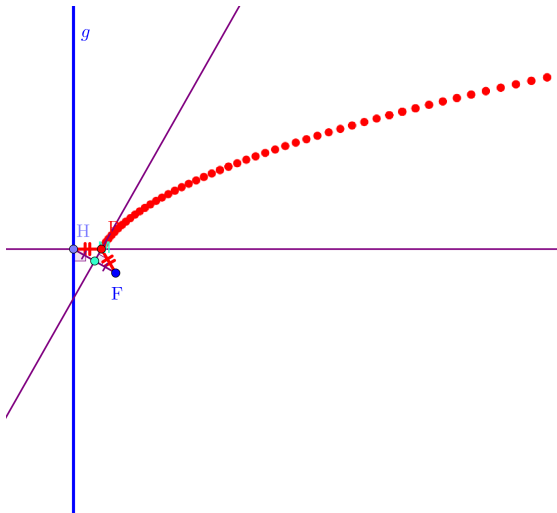

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

With a directrix and a focus when a perpendicular line passing a point on the parabola.

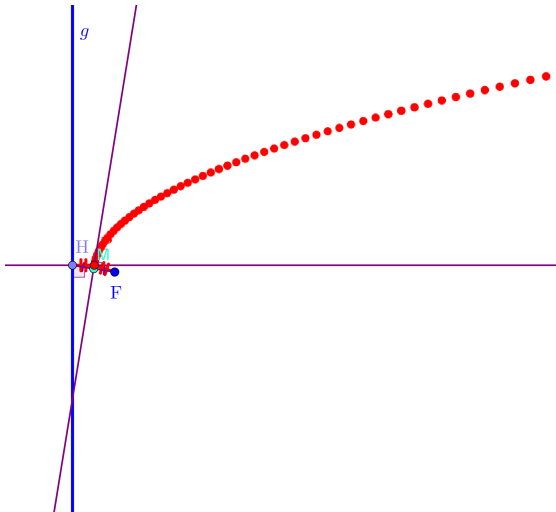

► Start

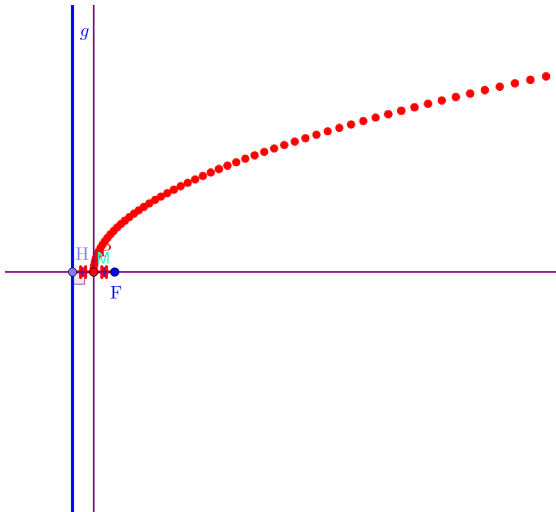

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

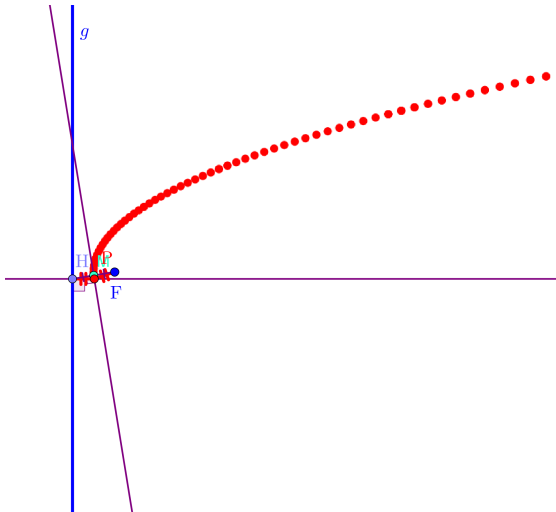

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

▶ Start

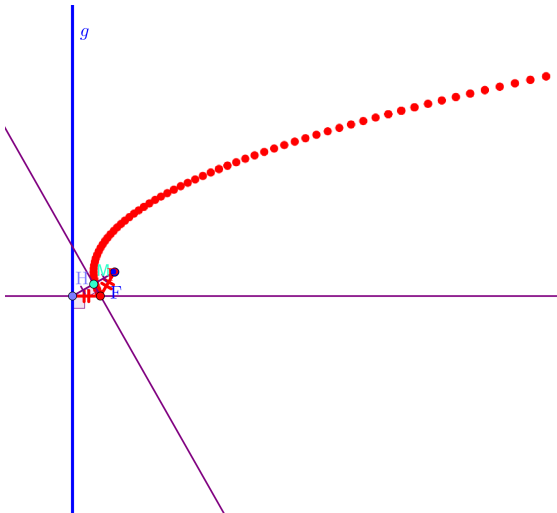

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

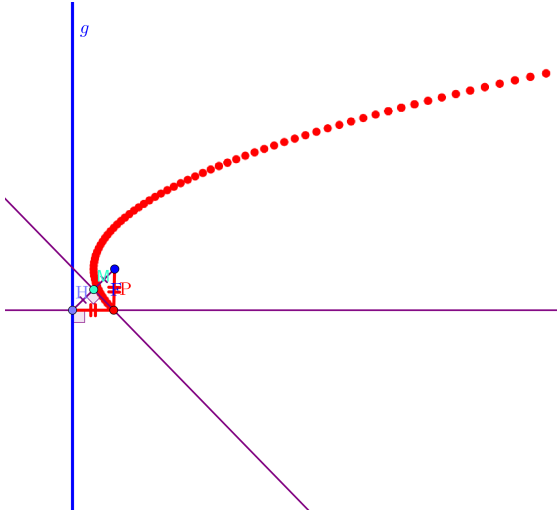

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

▶ Start

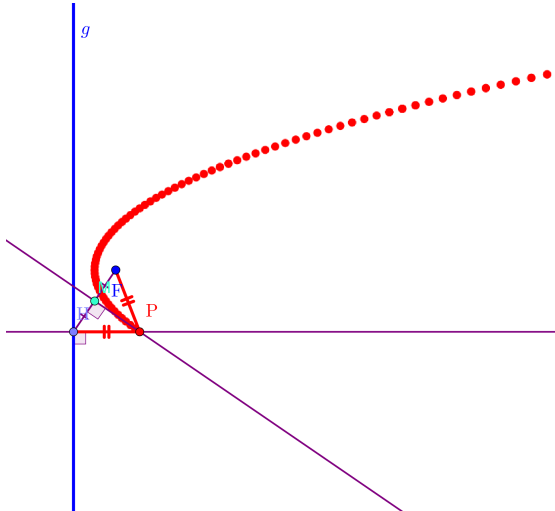

With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.

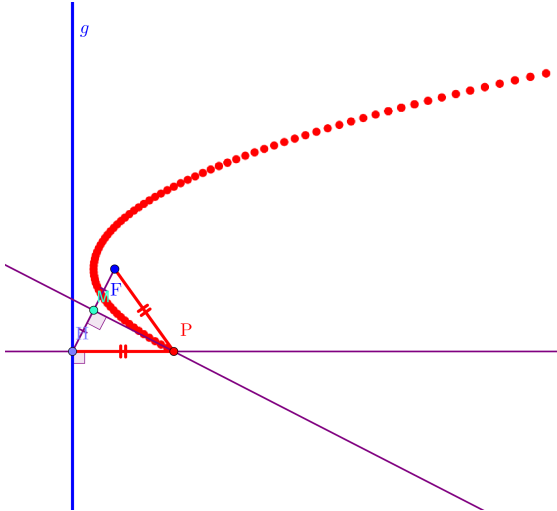

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

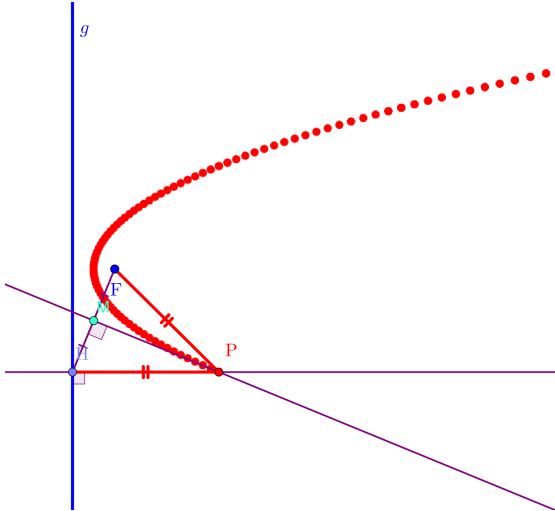

With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.

With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.

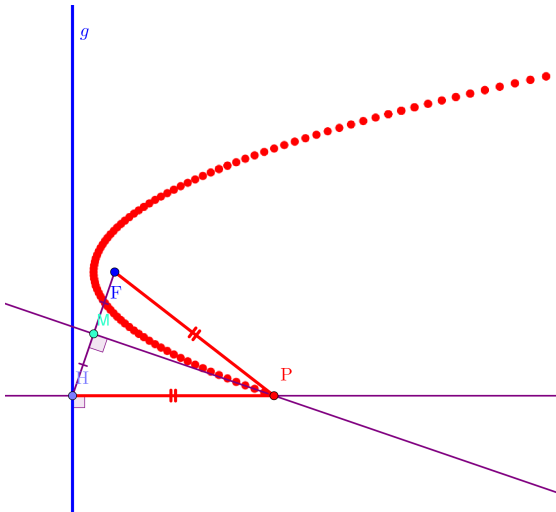

▶ Start

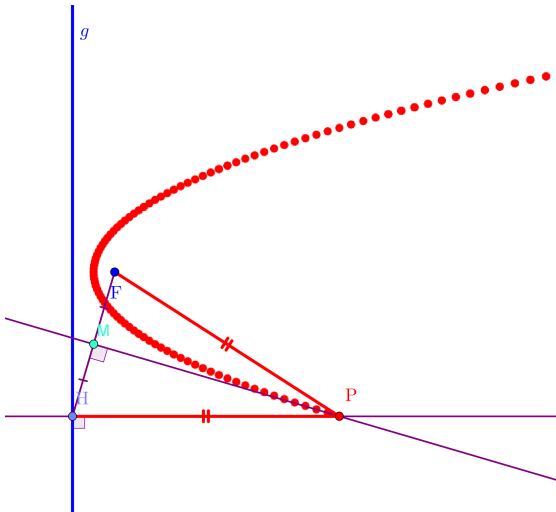

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

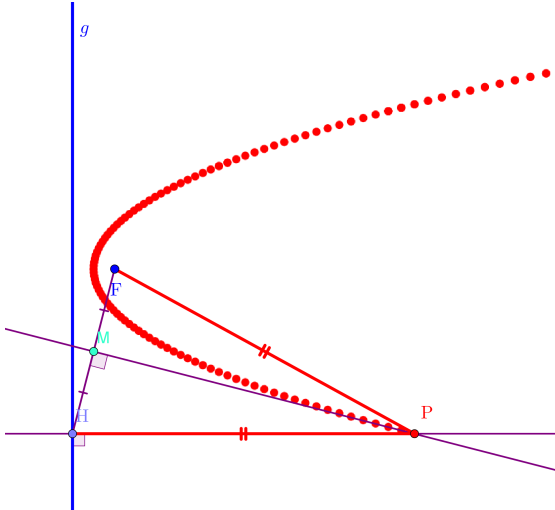

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

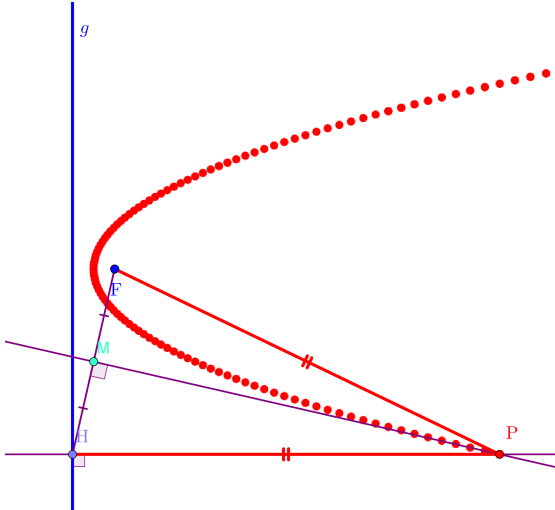

With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.

▶ Start

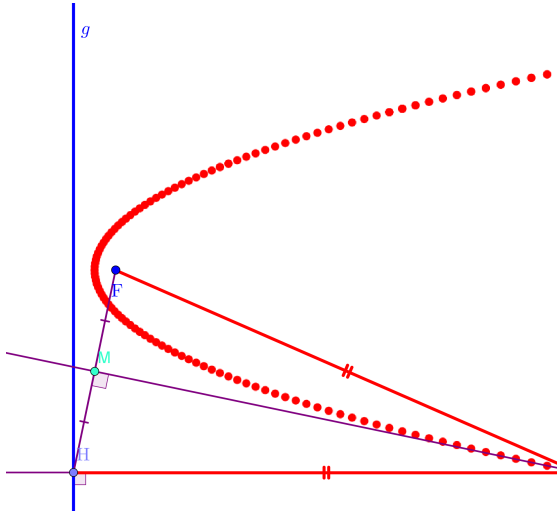

With a directrix and a focus when a perpendicular line passing a point on the directrix is given, draw a point on the perpendicular line passing the parabola.

▶ Start

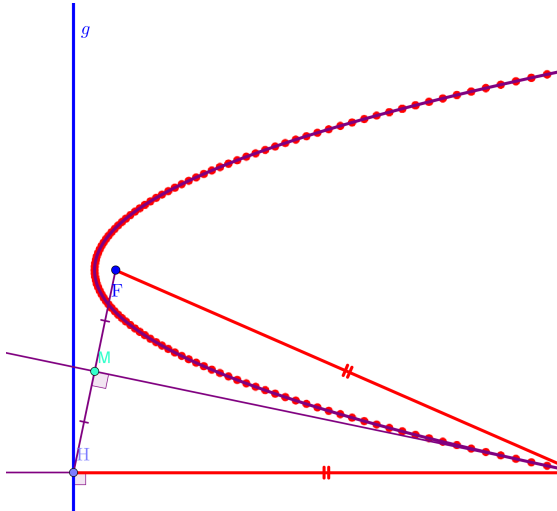

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.

► Start

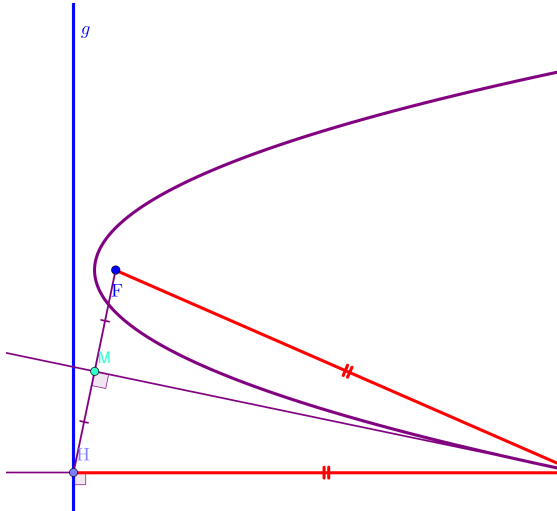

With a directrix and a focus when a perpendicular line passing a point on the parabola is given, draw a point on the parabola.
